HOW TO FILL OUT THIS ORDER FORM

- The 4"x8" bricks can be ordered with or without clip art. There is no difference in price. (The clip art available is shown on the sheets in the brick-campaign booklet.)
- BRICKS WITHOUT CLIP ART: Each line of text can have up to 20 characters, including spaces & punctuation. Each brick can have 3 lines total.
- Don't use leading or trailing spaces - spaces at the beginning or end of the line. Spaces like that will be deleted so that each line can be centered properly up and down and left to right.
- You can leave lines blank. Text will be centered on each line used.
Example: You would like a 3-line brick with an empty second line: Enter your text on LINE 1 and LINE 3 and don't enter anything in LINE 2. Or, for a 1-line brick: enter your text on LINE 1 and nothing on LINES 2 and 3.
- **The laser-engraving company does not proofread your text.** Please be careful when printing the order. If possible, the person ordering the brick should enter the text or at least proofread what has been entered.
- If you have any questions, please call **Pete Soucy at 603-930-9336** and he will be happy to help. If he does not answer immediately, leave a voicemail and he will respond to you on the number you used.

**RETURN FORM TO IRONSTONE FARM, c/o DEEDEE O'BRIEN, 450 LOWELL ST., ANDOVER, MA 01810
