### HOW TO FILL OUT THIS ORDER FORM

- Bricks can be ordered with or without clip art. There is no difference in price. However, there is less room for text if you use clip art.
- 8x8 BRICKS WITHOUT CLIP ART CAN HAVE UP TO 6 LINES OF TEXT  
Each line can have up to 20 characters, including spaces and punctuation.
- 8x8 BRICKS WITH CLIP ART HAVE 4 LINES OF TEXT  
Each line can have up to 20 characters, including spaces & punctuation. Clip art can be placed at top or bottom.
- 4x8 BRICKS WITHOUT CLIP ART: Each line can have up to 20 characters, including spaces and punctuation.
- 4x8 BRICKS WITH CLIP ART: Each line of text can have up to 12 characters, including spaces and punctuation. Choose if you'd like your clip art to be on the left or right of the brick. All 4x8 bricks can have up to 3 lines of text.
- WHERE TO FIND CLIP ART: The available clip art can be found online at [www.IronstoneBrick.org](http://www.IronstoneBrick.org) and in Ironstone Farm's Welcome Center.
- Each item of clip art in the booklet has a **code number** beside it. For example, **L041** is a U.S. flag; **L032** is a horse; **S015** is a fire badge. Those code numbers are what you enter on the "CLIP ART NUMBER" line above. Also, the buyer should choose whether the clip art image will be on the LEFT or the RIGHT of 4x8 bricks, or on the TOP or BOTTOM of 8x8 bricks.
- You can leave lines blank. Text will be centered on each line used.
- The laser-engraving company does not proofread your text. Please be careful when printing the order. If possible, the person ordering the brick should enter the text or at least proofread what has been entered.
